"A wonderful opportunity for young adults to gain independence, self esteem, and learn a new skill that is marketable in the real world! So happy that my son attended EGTI!"

— EGTI student parent

About

Erskine Green Training Institute's (EGTI) programming is designed for individuals whose academic, social, communication, and adaptive skills are affected due to a disability. Students must be out of high school and 18 years of age or older. EGTI is a certificate program, however, some students may earn an industry recognized certification depending upon the training program selected.

Location

EGTI has two locations: Muncie and Indianapolis. While some training programs are offered at both locations, some are offered only at one. Reference the EGTI website for details. EGTI Muncie offers a residential option for students to live on site at the Courtyard Muncie for the duration of their training program. This is not something currently offered at EGTI Indianapolis.

Training Programs

The duration of each training program can be found on the EGTI website.

Healthcare:

- Environmental Services
- Nutrition Services
- Patient Transport
- Supply Chain: Inventory Distribution
- Kitchen Cook

Hotel:

- Front Desk Agent
- Heart of the House

Restaurant:

- Host/Server Assistant
- Dishwasher/Server Assistant

Manufacturing:

- Transmission Assembly

Student Life

For students attending a training program at EGTI Muncie, they have the opportunity to live on site to grow their independence in other ways. Although students who live nearby have the option to commute, over 97% of the students who attend EGTI Muncie live on site where support of EGTI staff is available during evening, weekend, and overnight hours. With the support of staff, students learn to fill their evenings and weekends with activities: dinner with other students, trips to the mall, activities on Ball State University's campus, movies, game nights, etc.

Tuition and Fees

For a complete list of training program fees, please visit the EGTI website.

Career Sampling Sessions

During a Career Sampling Session, prospective students have the opportunity to learn about each training program and perform portions of each job. This will assist both EGTI staff and prospective students as they determine which training program is a right fit for them. Dates and registration can be found on the EGTI website.

General Tours

General tours at EGTI Muncie are provided once a month to prospective students, families, educators, VR counselors, employment consultants, case managers, and other service providers. The visit includes a walking tour of the facility as well as a presentation about the programming. Presentations regarding EGTI Indianapolis are also offered monthly and are done so virtually. Dates and registration can be found on the EGTI website.
