

Dream Makers Society

Empowering Students with Disabilities to Live their Best Life

Erskine Green Training Institute (EGTI) is transforming what's possible for people with disabilities. Since opening in 2016, EGTI has trained 350+ students, achieved an 80% employment rate, and helped graduates secure meaningful jobs that lead to long-term independence. As a first-of-its-kind postsecondary vocational training institute, EGTI offers immersive, real-world preparation in hospitality, healthcare, inventory distribution, and other in-demand industries—opening career pathways that were once out of reach for many individuals with intellectual and developmental disabilities.

What is the Dream Makers Society?

The Dream Makers Society is a dedicated community of corporate and organizational partners who help make these outcomes possible. Through financial support, advocacy, and community partnership, Dream Makers fuel EGTI's ability to expand program offerings, train more students, and reach families across Indiana and the Midwest. Their support allows EGTI to develop new career tracks, strengthen employer relationships, and remove barriers so more students can pursue their dreams.

Members receive recognition through tiered giving circles—including visibility at EGTI's annual fundraiser, acknowledgment at graduation ceremonies, features in statewide newsletters, and opportunities to meaningfully engage with students and the mission. Explore your possible benefits on the back of this sheet.

By joining the Dream Makers Society, you help turn ambition into opportunity—and ensure that every student has the chance to build a career, gain independence, and thrive.

Dream Makers
